The screenshot shows the website for 'VIEW AND REMOVE EXIF ONLINE'. The header is green with navigation links: HOME, ESPAÑOL, ENGLISH, and CONTACTO@VEREXIF.COM. The main heading is 'VIEW AND REMOVE EXIF ONLINE' with the tagline 'Check and remove Exif data online'. Below this, a paragraph explains that digital camera photos contain metadata like date, time, and location (GPS coordinates), which can be a privacy hazard. The site offers a way to view and remove this data online without downloading software. The 'CHOOSE YOUR IMAGE' section prompts users to select a picture and provides two options: 'Upload a picture' with a 'Browse' button and a file name 'EXIF data ptica.JPG', and 'Or paste a picture URL' with an empty text box. Below these are two buttons: 'View Exif' and 'Remove Exif'. A list of notes at the bottom states: 'The picture must be public. If the image is in a website that requires validation, like some social networks, you should download it and then upload it here.', 'Image size limit is 5MB', and 'We don't store any copy of the image.'
