Q: Is this the type of behavior that is used to dominate people? A: Yeah, so to be clear, it really doesn't have to be about gender or race or sexual orientation, but really just people trying to get the upper hand. This is basically the worst subset of male subtexting. It can be a way for guys to get girls to go along with their bullshit. But I also think it also can be used to get some nice ass girls to go along with their bullshit!.

Q: Do you still have any old fan club photos or stuff like that? A: I didn't actually have a good look at the new set and then started asking people and found that there actually is a lot of discussion on fanclubs.com, and people had great ideas about what we were doing. In terms of my personal collection, though, there are a lot of old photos in the boxes. And those are actually not my photos from when I created my collection. I created most of it myself. So there are many older photos, and those are for my mother, my mother's family and her friends. There are many older photos I haven't touched, as there are many older photos on fanclubs.com. The gangster eng sub is for some dude trying to feel cool by having his way with the world by doing some kind of dickish thing, like playing with kids of other guys, or whatever. The sub is mostly for guys that have tried to find a way to control the behavior of women. It's like "How do I get to have my way without hitting her? But then I'll hit her!" What's so special about it is not that it's funny (I think they might be over-simplifying there and getting a lot of the jokes wrong. The sub is fun, because I know there's a lot of humor and it's all based on people talking to each other), but the sub is also really effective as a weapon, mainly for trying to manipulate women, and for having fun. So in a meta sense, I think the sub is a really great sub.
